

# Humidcheck Mini Moisture Meter

## Product Images

## Description

---

This clever little unit from TFA measures the moisture levels within objects and incorporates a useful wrist strap.

The instrument allows you to measure moisture in wood (paper and cardboard) and soft building materials (mortar, concrete and plaster). The levels are indicated on the easy to read display.

- Temperature Range: 0°C to 40°C
- Moisture within wood range: 6% to 42%
- Accuracy: Wood <30%: +/- 2% / >30%: +/- 4%
- Moisture within plastic range: - 0.2% to 2%
- Accuracy: Building Materials: <1,4%: +/- 0,1% / >1,4%: +/- 0,2%
- Probe: 7mm
- Dimensions: L 80 x W 40 x D 20mm
- Battery: 4 x LR44 batteries (included)
- Warranty: 1 year
- Manufacturer: TFA

## Additional Information

---

Brand	TFA Dostmann
Min/Max Readings	no
Min/Max Reset	no
Size : Height	8cm
Wrist Strap	yes
Warranty	1 Year
Auto Switch Off	yes
Clip-On	no
Calibration	Can Be Calibrated
Cabled Probe	no
Aggregate Materials Range	0.2% to 2.0%
Hardened Materials Accuracy	+/- 0.1%
Measuring Units	%, °C & °F
Temperature Range	0 to 40°C
Power	Battery
Low Battery Indicator	no
Backlight	no
Size : Depth	2cm
Wood Range	6% to 42%
Size : Width	4cm
