Digital Solar Pool, Pond or Water Thermometer

## Description

---

The solar pool, pond or water thermometer is a quick, easy and effective way to take a reading from your swimming pool or pond.

The thermometer simply floats on the surface, and is powered by day light.

The unit has a min/max storage function, which should be manually reset as required.

The unit also features a fastening rope so that it can be kept close to a viewing point.

### Technical Specification

- Temperature Range: from -20°C to 50°C
- Manual Min/Max Function
- Measurement: °C and °F
- Dimensions: W 80 x D 131 x L 80
- Fully solar powered
- Warranty: 1 Year
- Manufacturer: TFA
